Non-Final Office Action

Claims 1-9 are pending. Claims 1, 2, 5 and 6 are allowed. Claim 4 is objected because it depends on a rejected claim. Claims 3, and 7-9 are rejected.

Closest prior art references are:

1. GB 857,388 teach dithia-anthracene compounds and their composition as fungicides,
2. US Patent 6,369,093 teach pyrazolecarboxamide as fungicides, it does not teach pyridine carboxamides as presently claimed.

None of them teach synergistically effective mixture of fungicides of formula I and II as presently claimed.

Information Disclosure Statement

1. The information disclosure statement filed on 12/08/2004 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document.
2. The references BA—DE-1060655-B, BD-EP-0545 099 and BG-JP-2001/302 606 (no translation or English abstract) were not provided by the Applicants and therefore were not considered.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claim 9 provides for the use of the compounds of the formulae II, and I but, since the claim does not set forth any steps involved in the method/process, it is unclear what

Art Unit: 1616

method/process applicant is intending to encompass. A claim is indefinite where it merely recites a use without any active, positive steps delimiting how this use is actually practiced.

Claim 9 is rejected under 35 U.S.C. 101 because the claimed recitation of a use, without setting forth any steps involved in the process, results in an improper definition of a process, i.e., results in a claim which is not a proper process claim under 35 U.S.C. 101. See for example *Ex parte Dunki*, 153 USPQ 678 (Bd.App. 1967) and *Clinical Products, Ltd. v. Brenner*, 255 F. Supp. 131, 149 USPQ 475 (D.D.C. 1966).

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 3, and 7-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Following reasons apply:

3. In claim 3 “as biphenylamide II” is confusing, it may be deleted.

Claims 7 and 8 are improperly dependent on two claims 1 and 6.
